Getting Started with Chat GPT & Generative AI

Instructor: Ashley Harris
Organization: Accelerate Augusta
Partner Institution: Augusta Technical College
Course Duration: 1 day, 2-hour session
Location: Augusta Tech Campus / On-Site (TBD)
Prerequisites: None – Open to all experience levels
Required Materials: Laptops/tablets, Chat GPT account (free tier is fine)

Course Overview:

A fast-paced, interactive session introducing participants to ChatGPT and Generative AI. Attendees will learn what ChatGPT is, how to use it effectively, and explore practical, everyday applications — all in just 2 hours.

Learning Objectives:

1. Feel confident using ChatGPT for various tasks.
2. Understand the basic principles behind generative AI.
3. Use AI ethically and thoughtfully.
4. Be prepared to explore more advanced AI tools.

What to Bring:

1. Laptops/Tablets (with charger)
